

# HARRIE BICKLE

TECHNICAL WRITER

## Experience

### **Technobunnies.com (Cape Town) and Upwork (Everywhere)**

*Technical Writer / Project Manager*  
since January 2015

Technical writing (Documentation, Case Studies, HowTos, Articles), Editing & Reporting (including project-managing data analytics). I liaise with developers, product managers, and CEOs to create technical copy targeted at the audience, whether user- or developer-level. By interviewing the Subject Matter Expert, or using software, I gain an understanding of my client's product or service and apply text or images to ensure they are communicated with clarity.

### **High School Science London and Cape Town**

*Head of Department*

## Education

### **PGCE Teacher of Science – Goldsmiths College**

Professional Teaching Qualification

### **NVQ2 Motorcycle Mechanics – Merton Technical College**

The dot com crash coincided with a gearbox freeze.

### **Ph.D. Zoology – Leicester University**

Sexual Selection in Parus Major

### **Bachelor of Science – University of Glasgow**

Zoology and Parasitology
